

Master's in Renewable Energy

Year 1, KTH: Royal Institute of Technology

Study year	Course name	Course code	ECTS	Course type
1	Introduction to Energy Technology	MJ1402	3	Compulsory
1	Sustainable Power Generation	MJ2405	9	Compulsory
1	Sustainable Energy Utilisation	MJ2407	9	Compulsory
1	Renewable Energy Technology	MJ2411	6	Compulsory
1	Energy and Environment	MJ2413	6	Compulsory
1	Practical Energy Related Project	MJ1432	9	Compulsory
1	Computational Methods in Energy Technology	MJ2424	6	Compulsory
1	Applied Heat and Power Technology	MJ2426	6	Elective
1	Modeling of Energy Systems - Heat and Power Generation	MJ2438	6	Elective
1	Advanced Renewable Energy Systems Technology	MJ2492	6	Elective

The list of courses on this page are examples of possible courses you may be taking in this programme. The universities providing the courses reserve the right to cancel, postpone or reschedule any of their courses.
